

## **Media Policy**

Applewood United Church has developed the following policy to ensure that the content included in all our Applewood media reflects our inclusive ministry. This policy was approved by our Executive and will be included in the Applelog or by link to our website each week. We encourage everyone to familiarize themselves with the policy as they submit future articles.

- No endorsement of membership in outside organizations
- No homophobic, transphobic, or racist content
- When sharing media we will always lift up the authentic voices of marginalized people such as those of the 2SLGBTQ+ and indigenous communities
- When sharing links we will identify the reason for its inclusion in our preamble.
- Copyright information or permission for use is included where applicable.
- Any disagreement will be resolved by the minister.
